

GSC13 – 13 SEER ENERGY-EFFICIENT AIR CONDITIONERS

QUALITY MANUFACTURED
AIR CONDITIONING THAT
REDUCES OPERATING
COSTS WHILE ADVANCING
HOME COMFORT.

- 10-YEAR PARTS LIMITED WARRANTY
- LEGENDARY KLIMAIRE PERFORMANCE AND QUALITY

ENERGY EFFICIENCY IS KEY...

TO CONTROLLING THE COST
AND COMFORT OF HEATING
YOUR HOME.

As the owner of a KLIMAIRE® 13 SEER Energy-Efficient Air Conditioner, you have made one of the best purchasing decisions possible in the HVAC marketplace. Why do we say this? Because at KLIMAIRE, we strive to build heating and air conditioning equipment that offers high performance, energy efficiency, durability, and an environment complementing design – all at a price that will have you saying “Thank goodness for KLIMAIRE.”

In particular, your KLIMAIRE 13 SEER Energy-Efficient Air Conditioner will provide you with reliable cooling at money-saving energy efficiency levels. Benefits of this high-quality air conditioner include:

- A high-performance, energy-efficient compressor
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing
- A factory-installed in-line filter dryer, for longer system life

Add to that a 10-Year Limited Warranty on all functional parts, and you have an air conditioner that offers one of the best product values in the heating and cooling industry. **ENDURING, EFFICIENT PERFORMANCE.**

You can count on your KLIMAIRE 13 SEER Energy-Efficient Air Conditioner to keep you cool on even the hottest summer days. Your KLIMAIRE air conditioner starts with a high-performance, energy-efficient compressor, which operates in tandem with our high-efficiency coil. The coil is made of rifled refrigeration-grade copper tubing and corrugated aluminum fins in a design that maximizes surface area. These high-quality components together cool your home effectively while saving you money on your energy bills! And if that's not enough, KLIMAIRE goes one step further: we install a liquid-line filter dryer in every air conditioner we build. The filter dryer

prevents moisture and debris from entering the compressor motor and expansion device, thus preserving the life of the system. Many manufacturers leave this step out, but we've installed filter dryers in our air conditioners since we first started making them because we know they add many years to the life of a unit.

Unmatched performance, efficiency and affordability. That's just what you'll get with KLIMAIRE.

YOUR UNIT'S OPERATING COSTS AND SEER.

“SEER” stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner or heat pump's cooling energy efficiency, developed by the U.S. Department of Energy. It's a simple formula: the higher the SEER of your unit, the greater its efficiency – and the lower your operating costs. Older installed units in many homes may have actual operational efficiencies of 8.0 SEER—or even less. In many cases, these older units can really inflate the electric bill.

Your new KLIMAIRE GSC13 Air Conditioner offers efficiencies of 13 SEER or higher, providing significant savings compared to many older units.

KLIMAIRE

QUALITY MANUFACTURING BACKED BY WARRANTIES AND SERVICE

QUIET YOU CAN COUNT ON.

We know that the last thing you want to hear at night is a noisy air conditioner starting up. So, we build our KLIMAIRE 13 SEER Energy-Efficient Air Conditioners with sound-dampening features that help ensure that your cooling system doesn't interfere with a good night's sleep. We rely on a quiet condenser fan system – a three-bladed fan, and a unique louvered sound-control top – to reduce fan-related noise. Your KLIMAIRE 13 SEER Energy-Efficient Air Conditioner will keep you cool and comfortable – but you may not hear it when it's working!

DURABLE CONSTRUCTION.

At KLIMAIRE, we take pride in our manufacturing and build each unit carefully. We rely on strict, quality-driven processes to build well-designed, top-quality, thoroughly tested products, backed by the best standard and extended warranties in the

industry. We leak-test every single air conditioner three separate times during the manufacturing process, and we run-test each unit before shipment. This quality focus insures a trouble-free installation and a long product life.

IMPRESSIVE WARRANTY PROTECTION.

At KLIMAIRE, we take extra care to build products that will last for years to come. And we're so confident in the durability of our products that we protect all of the functional parts in your KLIMAIRE 13 SEER Air Conditioner with a 10-Year Parts Limited Warranty.

IMPRESSIVE FEATURES AND BENEFITS:

KLIMAIRE GSC13-13 SEER

ENERGY-EFFICIENT AIR CONDITIONERS

- 10-Year Parts Limited Warranty
- A high-performance, energy-efficient compressor
- A factory-installed in-line filter dryer, for longer system life
- A louvered cabinet made of heavy-gauge galvanized steel that protects the coil, while its appliance-quality, post-paint finish resists the effects of weather and time
- A three-bladed fan and a unique louvered sound-control top – both add up to quieter system performance
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing
- An attractive new design, finished in an Architectural Gray color that complements any home environment
- Easy-access design, making the unit easy to service
- Performance certified in accordance with the Air Conditioning and Refrigeration Institute
